MOTORIST KILLED ON ROUTE 93

Anthony M Rockill, 35, of 9 Stillwater Drive Chelmsford, was instantly killed, at about 7:15 pm in a spectacular accident on Route 93, at the Ipswich River.

Rockhill was driving south, and his car struck the center abutment where 93 bridges the river.

His car flipped over the open space above the river, and landed, upside down, in the median strip south of the river.

A passenger in the car, said to be a Connecticut man, could not be accounted for by the police. He was later reported to have been taken to a hospital by a passing motorist, before the police cruisers arrived. Two days later the passenger was reported to be out of the hospital, and in South Boston

THE FOURTH OF JULY HOUSE TO HAVE NEW OWNERS: Former Selectman and Mrs Kenneth Lyons of Andover Street are about to sell their home, and move to Chicago, where he has been assigned.

Their home, which is to be the scene of a 'barn sale' Saturday, was 'raised' on July 4, 1776, the day of the Declaration of Independence, and thus is exactly as old as is the United States of America.

Planning Board

Cain has Woburn Plans

The preliminary reports from Professor Charles Eliot on the 701 Program for the Town of Wilmington are beginning to arrive at the Wilmington Planning Board.

Roy Mann, Landscape Architect, from the office of Prof. Eliot, presented an Open Space draft report two weeks ago, with maps and diagrams, copies of which were given to other Wilmington boards and committees. Topics covered were Water Resources, Public Open Space, Open Space Developments, Improvement of the Town Center, Physical Features of the Town that could be improved, areas that should be transformed in to residential development, etc.

that most of the proposed improvements should be accomplished by 1980.

Professor Eliot, in a letter that was read to the Planning Board Tuesday evening, said that the Semi-Final Open Space Plan draft should be ready soon, and that he was in hopes that any proposed changes could be effected by August first.

A portion of the studies relating to future roads and highways will be ready soon, he stated.

Real Estate Developments

The board unanimously turned down a Preliminary Plan for a real estate development off Federal Street near Maple Meadow Brook, called Maple Manor.

The Board of Health, in a separate action, had disapproved of the plan from its viewpoint, and the Conservation Commission had disapproved of seven lots of land that border on the Maple Meadow Brook.

The Board listed eight reasons for disapproving the plan.

A letter was sent to the developer of Marcia Road, asking him when the road was to be surfaced.

The Jackson Brothers filed a Definitive Plan for a new real estate development, off Shawshen Avenue, near the Billerica line, showing a total of 16 lots, all of 60,000 square feet or more. The two roads are proposed to be called Harold Avenue and Reed Street. The public hearing was set for July 22.

A plan for a new Barbo building off Fordham Road was signed. Leo Barbo told the board that the building is to replace the one that had been started, and will now be occupied by General Electric. He hopes to be in his new building by September 15th. The building is planned to be 312 feet wide and 237 feet long, at the end of Fordham Road.

The board discussed drainage with Barbo and his engineer.

The proposed water main rights of way, between homes on Park Street, will not be used, Barbo said.

The drainage for the area, the water mains, and the eventual sewer main will all exit through a vacant lot, on Park Street, which is also to be used as an emergency entrance, for the protection of life and property.

PLANS IN HAND: Rep. Fred F. Cain, as seen from the window of the Planning Board meeting room, Tuesday night.

The water main is to be ten inches in diameter, and will be installed as soon as possible.

There is to be an additional drain under Park Street, 48 inches in diameter, and the present drain, which is 30 inches in diameter, will be continued.

The board signed a plan for John Robert Evans, showing his present property at the corner of Route 125 and Ballardvale Street. It was the first time he had had a plan of the present property Mr Evans said. The plan was for almost 21 acres of land.

A plan showing land on Andover Street was not signed, and the board voted that it requires the approval of the board, as it was not possible to locate the land.

Also signed was a plan for 2 lots of land on the easterly side of Miller Road.

Woburn Plans

Rep. Fred F. Cain attended the board meeting to show the latest plans for street development in the City of Woburn.

Cain said he had been ready to show the plans to the Selectmen the night before, but there was no meeting.

The plans show a large industrial area being developed by the city, and another one being developed by Anthony D'Annolfo.

New highways lead northerly from Route 128, and will exit into Wilmington, either at Woburn St. or at Progress Way.

The State DPW has approved of plans for a new interchange with Route 128, Cain said. He looked for the new interchange to be in place in about three years.

Mr D'Annolfo is already building a fourteen story building, and two of twelve stories, he told the Planning Board, and the City of Woburn is going ahead rapidly with its plans.

He anticipates that the roads will be in before three years have passed, he said. There were some things that still have to be straightened out, however.

'If the Town Fathers of Wilmington have not made a road to connect through Progress Way' Cain said (referring to the three year period), 'all the northbound traffic will be dumped on Woburn Street!'

The State DPW, Cain said, will build a new cloverleaf at Route 129 and Route 93, and will also do some work on Lowell Street, in Wilmington - but that's all.

He finished his statement with a statement that if the town builds a new Route 129 (to by-pass the town center) the state will pay half and the federal government will pay half, but the town will pay for the land.

If the state builds Route 129, as a part of the plans for the Woburn traffic, he said, the state will pay for the work, and for the land taking too.

He said he would be at the Selectmen's meeting next Monday to explain the facts to that board.

Other Business

Morton Grant, newest member of the Planning Board, was assigned the job of talking with the Reading Electric Light about having underground wiring in Wilmington.

The subject had been brought up by Danny Gillis, who noted that in a court case in Worcester there had been a decision in favor of underground wiring.

The board was visited by the

THE WILMINGTON LIONS CLUB: Has, on two occasions, been chosen the Number One club in District 33N, for its many accomplishments in the field of Sight Conservation, and has made many contributions to help those people who are totally blind, or are so threatened. Wilmington, at one time, had more blind people per capita, than any town or city in Massachusetts.

Joseph App, the new president, shown above with Fred Gilgun, (left) Clerk of the Court, Eastern Middlesex, on the occasion of Law Week, is now the President of the Club. He was formerly a Woburn Lion, and helped to get the Wilmington Lions chartered in 1954, and served as president in 1956, and since then as Zone Chairman and Deputy District Governor.

Among the recent speakers was the publisher of the Town Crier, who spoke of his recent experiences in Germany.

Barn Sale for Hospital Fund

A 'Barn Sale' to raise funds for the Wilmington Hospital Building Fund will be held on Thursday, July 24th, at the hospital site on the South side of Lowell Street between Woburn and West Streets near Interstate Route 93.

Mrs. Maurice D. O'Neill of 25 High Street, North Wilmington, is chairman of the 'Committee of Ten Gals' who are organizing the sale.

'We are asking all residents of the Wilmington area to make 'white elephant' donations for the sale from the surplus items they have in their homes. Gifts could include lamps, vases, knicknacks, odds and ends, dishes, glassware, mirrors, etc.

'All gifts should be delivered to the Wilmington High School Cafeteria, on Church Street, on Monday, July 21st, starting at 9 am and continuing all day. Cash contributions are also welcome.'

This will be the first fund-raising effort carried on in Wilmington since the recent signing of the charter for the new Wilmington Regional Hospital. The drive for hospital funds is being spearheaded by the Wilmington Chamber of Commerce, which is lining up pledges of donations from local industries and business organizations.

'To start off the event on July 24th, Mrs. Melvin Woodside, who is the original backer of the new hospital, will purchase the first merchandise,' Mrs. O'Neill said. 'We are inviting the Town Manager Sterling Morris and the members of the Board of Selectmen to be on

hand at the start of the sale and we are appealing to all Wilmington residents, who are behind the drive for the new hospital to attend our 'Barn Sale', inspect the gifts, and then purchase some items.'

The new hospital has been designed for 125 beds. Local officials expect to obtain matching federal funds for all the donations the townspeople raise through their own endeavors.

'We're calling it a Barn Sale because we plan to erect a barn-like tent on the new hospital site to house the contributions,' Mrs. O'Neill explained. 'Every Wilmington resident who feels the lack of a local hospital is urged to back us in this initial fund-raising drive

Wallpaper makes a dramatic change in any room.

Papering isn't as easy as painting, but it's a job you can tackle if you're reasonably handy. You can put new wallpaper over sound old paper, but don't line up new seams on top of old.

If the walls are in bad shape, paneling is a much easier answer. Paneling is now made in enough varieties that it will fit in with almost any decor. Also, it offers a trouble free surface for years to come.

Ronnie Wolff wrote to us this week...Dear Nancy, Recently your column featured a letter from Barry Hanson, one of the servicemen in Vietnam, who attacked a fellow soldier for not believing in the War. I feel that Barry should realize a few points.

'Of course, the NLF is Communist supported. But, as its name suggests, the National Liberation Front also includes partisan groups fighting the present South Viet Junta. At present, the South Viets are ruled by a military clique composed mainly of Northerners. Can we adjudge these men any more representative of 'the people' than the NLF or Ho Chi Minh? After all, the NLF has a wider base of popular support than does the Thieu-Ky clique. Further, the present South Viet Junta is every bit as despotic as Ho's Northern Government.

'The American power elite had for sometime convinced most Americans that, if we didn't stop the Communists now, soon they'd overrun America. However, I, for one, thought that this false belief had gone out along with (Joseph) McCarthy - remember him? and Dr Strangelove - remember, fluoridation is a Commie plot to pollute our bodies' natural fluids. If you wish to discuss the domino theory, I'll discuss it. How about starting by discussing why the dominoes didn't start falling to the right after the Indonesian military purged Communists from government? I guess that the rule states that dominoes only fall to the left?

Any informed person knows why we are in Vietnam. Eisenhower and Dulles sent an informal letter to Ngo Dinh Diem in 1954 stating that the American Government

would send economic aid to Diem's regime only if Diem's government 'is prepared to give assurance as to the standards of performance it would be able to maintain in the event such aid were supplied.' Both Kennedy and Johnson, and now Nixon, have cited this letter as an unconditional commitment on our part to send first military advisors, and later American boys supplies, and bombs 'to resist Communist aggression' from then to the present, and seemingly for all time. It should be noted that the Eisenhower letter put the burden of resistance to aggression on the South Viet Government NOT on the U.S. In addition, Kennedy Johnson, and Nixon have all claimed that we are committed to defend South Vietnam under the aegis of the SEATO Treaty: needless to say, this last is pur hogwash. In fact, South Vietnam is not even a member of SEATO!

'Given that, although we are mistakenly in Vietnam, 'We can't just pull out now and let the Commies move in.' At least, so goes the argument presented by all too many Americans. But I ask, whose interests are we defending in Vietnam? It is apparent to me that we are not at all concerned with ensuring democratic elections or democratic government for South Vietnam. Don't you remember? the Geneva agreement, which the US has never signed, called for free elections in all of Vietnam in 1955 - which elections South Viet Pres Diem refused to hold. Further, if you can mention one South Viet Government that has not been both dictatorial and corrupt, you get one hundre Brownie points.

'You may well ask, whose interests are at stake in Vietnam? I will answer - the military - industrial elite's interests. After

Crusaders host Drum Corps Tomorrow

Starting at 7 pm Friday, on the High School Field, the Wilmington Crusaders will be hosts to twenty one units of the Mayflower Circuit in a Drum and Bugle Corps competition. Approximately 2,000 teen ages will be in those twenty one units.

It will be the Night of Nights for the Crusaders, who seem to be well on the way to a championship team in 1969. As hosts they will not be in the competition, but they will appear in an exhibition drill.

The Crusaders again took first place, last weekend, in a meet in Laconia, N.H. This is the fourth consecutive week that the Crusa-

ders have taken first place in the B Division of the Mayflower Circuit.

Because it was a long trip to Laconia the Crusaders made a day of it. They left Wilmington just before noon, and made a two hour stop at Lake Winesquam in Laconia before going to Laconia High School and the meet, which started at 6 pm.

The Hyde Park Dantes, who are the Crusader's toughest competition this year, did not participate in the meet. In a spirit of good sportsmanship they proved to be the Crusaders' biggest rooting section.

Second place was taken by the Royal Cadets from Gardner, and third by the Watertown Cadets.

Jaycees announce Plans

Dear Larz:

The 1969 - 70 Wilmington Jaycee's year won't get underway officially until Sunday the 20th of this month, but that's not holding back this group from breaking fast toward its biggest, greatest twelve months in history, with our town the beneficiary.

New projects will be assumed in addition to the old standbys like holiday coffee watches on Rte 93, Thanksgiving food baskets and Christmas toys for our less fortunate, an Outstanding Young Man Award, scholarships, and a business directory. The manpower for these endeavors will come mainly from new recruits.

Thus far membership is up over 400% because these young men between the ages of 21 and 35 feel that the town can use a few hours of their spare time to make Wilmington a more pleasant and more prosperous community in which to live. I could run down a list of people like Carl Backman, Jim Miceli, Jay Tighe and Billy Fay who are already doing so much for this community that they shouldn't have time to work for the Jaycees but still do because they believe in the value of the organization's efforts.

Our purpose, however, isn't to shame fellows into joining the Jaycee. Its to show them why they'd WANT TO belong to our proudest, most industrious bunch I've ever encountered. Our very enthusiastic new men will receive valuable leadership training, will enjoy a congenial fellowship and will receive as their only thanks the

personal satisfaction of a job well done.

We, the Jaycees, can assist on drug control problems. We can give Wilmington some pleasure with golf and softball tournaments, bowling teams, battles of the bands, and a Miss Wilmington contest. We can present more scholarships, particularly to trade and technical schools. We can bolster town government and conduct community surveys. We can find summer work for students, meaningful careers and trades for the handicapped, unemployables, and returning servicemen. In short, we can soberly act as the Jimmy Breslins and Norman Mailers of Wilmington with but a few well spent hours of our next 365 days.

Sould any eligible man care at all to get caught up in this enthusiasm, tell him to stop in at the American Legion Hall at 9:00 pm July 20. I'm sure he will be kind of proud of himself.

Sincerely yours,
Joe Beaton Jr.

HOLE IN ONE CLUB

A Hole-In-One was scored by Donald O'Connell of Burlington Avenue, while playing a three-some, at his home course, Whip-Poor-Will Golf Club, in Hudson, N.H. John La Creta and Frank Bonarrigo were the two other players attending the event.

The round was played on July 4th.

New Car Washing Plant

Fred F Cain told the Wilmington Board of Health, Monday night, that he intends to build a car washing facility, on Main Street, across from the Cain Garage.

The building will be 100 feet long by 24 feet wide, and will be capable of handling five cars at one time, at the rate of 150 cars an hour.

The type of car wash to be installed is not common in the East, the Board of Health was told, but there is one of this type in North Andover. Cain and his associates estimate that there will be a total of about 100,000 cars washed in the new facility each year.

The car wash will be equipped with a 'reclaim system' for the water used in car washing. This will mean, the Board of Health was told, that only the water that disappears from evaporation will have to be replaced.

Live below your means.

If you'd like to get around the high cost of living, we have a suggestion:
Cut down on the high cost of getting around.

And buy a Volkswagen. It's only \$1879*

That's around \$1200 less than the average amount paid for a new car today. (Leave it in the bank. More's coming.)

A VW saves you hundreds of dollars on upkeep over the years.

It takes pints, not quarts, of oil.

Not one iota of antifreeze.

And it gets about 27 miles to the gallon. The average car (thirsty devil that it is) only gets 14.

So the more you drive, the more you save.

And chances are, you'll drive it for years and years. (Since we never change the style, a VW never goes out of style.)

Of course, a VW's not much to look at. So a lot of people buy a big flashy car just to save face.

Try putting that in the bank.

We all need daily exercise. Yet, how many of us actually get it?

Are you getting an hourglass figure with all the sand in the bottom? Can you look down and see your feet when you're standing straight -- or is there a 'beer belly' out in front? Do your legs shake like jelly when you walk?

If so, you're unfortunately part of the in-crowd. Far too many of us are in poor physical condition. We are getting mechanized in every thing we do today.

The only answer seems to be to make exercise a part of your daily activities, like combing your hair. Start Now!

Remember, the body remains strong only if it is used.

all, who has benefited the most from this War, but the huge American Corporations such as Lockheed, Dow Chemical, et al. I'll be the first to admit that our economy has boomed since the War began in earnest in 1964. True, we are suffering an acute inflation now, but if more than just wage earners were feeling the pangs of inflation, then we'd be out of Vietnam in no time, since (1) the War is causing the inflation, and (2) the elite are the people who got us into this mess, and are the only ones who can get us out.

IN ABUSE OF POWER, Theodore Draper hints that perhaps the US has not withdrawn from Vietnam because its ruling elite refuses to accept that the mighty American military-industrial machine has been effectively stopped by roving bands of mal-nourished, Communist-supported, and American supplied nationalists (over 90% of NLF firearms are captured from US arms caches or US soldiers killed in combat). Gone are the days of unconditional surrender-unless you wish to con-

sider nuclear annihilation a form of such surrender. Rather, because we, and not the NLF (which is mainly South Vietnamese) are the aggressors, I feel that any settlement we obtain, short of a total US surrender, would be far more than this government deserves for napalming innocent peasants. (If you wish to discuss deaths from Communist terrorism, I ask, how many have the Communists killed compared with the number we have killed with napalm?)

'I for one have heard enough lies from our government about this War. First, I was told that the 'American boys would not be sent to do the work of the Asian boys' (Johnson decided to send troops to Vietnam in August of 1964, unbeknownst to his public.) Then, I was told that we are unconditionally committed to defending Ky * Co. under the SEATO treaty. Then, I was told that we would not stay long in Vietnam (ha!) I need not enumerate the rest of the lies my government has dished out to the public - and Barry would talk of Brainwashing? Well, the elite has not brainwashed me, and the countless other Americans, such as those middle class Americans who tried to get McCarthy nominated, and oh, yes, the Presidio 27, who are serving jail terms for flashing the peace symbol while in uniform. I sincerely hope that more Americans will soon realize that the greatest threat to our precious freedom lies within, not without. We must all realize that freedoms are 'guaranteed' to us and to others by our Constitution. And we must not let men like General Hersey, Sheriff Madigan of Berkeley fame, and the rest of the Establishment deprive us of these inalienable rights. When you speak of law and order, make sure it's the law that is enforced, not the particular social order. And make sure that these laws reflect popular opinion, and are not imposed just to preserve the status quo....Sincerely, Ronald Wolff... 584 Woburn Street'

(Thanks for your views, Ron... Could we ask...Who's the Establishment? What can be done about it? Even if one isn't brainwashed? What about it fellas?)

Marcia Ouellette is Bride

Miss Marcia Ann Ouellette, daughter of Mr and Mrs Alfred Ouellette of 4 Westdale Avenue

Wilmington became the bride of Mr A. Wayne Sawyer, son of Mrs Beulah Sawyer and the late Frederick D. Sawyer of 165

Mrs Roger Shattuck

CIRO'S Studio

Miss Diane Gianino, daughter of Mr and Mrs Andrew Gianino Sr. of 9 Crest Avenue, Wilmington, became the bride of Roger Wayne Shattuck, son of Mr and Mrs Clarence Shattuck of 11 Nelson Avenue Tewksbury, in a 11 am ceremony in St. Thomas Church on June 14th.

The reception was in the Montvale Plaza, in Stoneham, and the wedding trip to the Pocono Gardens of Cresco, Pennsylvania.

The bride is a Wilmington High School graduate, and her husband is a graduate of Tewksbury High School and the Andover Institute of Business. They are now at home at 85 Liberty Street, in Lowell.

Salem Street, Reading, in a two pm ceremony in the Old South Methodist Church, on June 1st.

The bride was given in marriage by her father. The couple were united in marriage by the Rev. John Snook, before an altar decorated with baskets of white gladioli and calla lilies.

Richard Ouellette was the soloist, and the organist was Mr Wendell Hodgkins. Mr. Ouellette sang The Lord's Prayer, and O Promise Me.

Miss Donna Ouellette, sister of the bride, was her Maid of Honor. The bridesmaids were Miss Shirley Moore of Wilmington, Miss Dianne Yoemans of Reading, both friends of the bride, and Miss Judy Ouellette of Wilmington, a cousin.

Miss Cheryl Cote of Nashua, NH., a cousin of the bride, was the flower girl.

Gerald Yoemans of Reading, a friend of the groom, was the Best Man, and the ushers were Steven Ives and Walter Gray, of Reading, friends of the groom, and Kevin Gaffney of Beryn, Illinois, a cousin of the bride.

The ring bearer was Frank Kennedy of Hudson, NH., a cousin of the bride.

Miss Ouellette wore an A-line gown of silk organza over taffeta, enhanced with seeded pearls and sequins, and with a train that converted to a bustle. Her elbow length veil was attached to a five petal lace crown fashioned with pearls and sequin centers.

She carried her mother's white Bible, with a white orchid and streamers of stephanotis, lilies of the valley and white roses.

Rainbow colored A line gowns and cascade bouquets were featured by the bride's attendants. The Maid of Honor and the Flower Girl wore Nile Green, and the bridesmaids were in pink, yellow and orchid, with head pieces to match their dresses. All had white bows, and daisy centered veils.

After the ceremony a reception was held in the Elks Hall in Woburn, with Bon Appetit Caterers. The hall was decorated with a large bell in the center, and many more smaller ones throughout the hall, and music was by The Villagers, a five piece orchestra from Chelmsford.

The misses Caryn Gaffney of Berwyn, Illinois, and Paula Keissling of Norwell Mass were in charge of the guest book. Both are cousins of the bride.

For her place in the reception line the mother of the bride chose a coral dress and coat ensemble with matching accessories. The groom's mother was in an aqua dress and coat ensemble with white accessories. Both wore white orchid corsages.

The honeymoon was spent in the Poconos Mountains of Pennsylvania. For her going away costume the bride chose a powder blue organdy dress with Navy accessories, and a white orchid from her bouquet. The couple are now at home at 151 Lowell Street, in Reading.

The new Mrs. Sawyer is a Wilmington High School graduate, and has been employed at Smithcraft, in Wilmington. Her husband is a graduate of Reading High School and the Famous Art School of Westport, Conn., and is Vice President of the Railroad Club. He is employed at Gray's Ford, in Reading, as Assistant Parts Manager.

BICYCLISTS

Wilmington's recent bicycle fatality points out the need for following rules while riding. These rules have come from Chapter 85, Sections 11A and 11B of the General Laws of Mass.

Bicyclists must follow the same traffic rules as cars, so far as they apply for their own safety.

Bicycles must be equipped with a horn, bell or other suitable warning device, but no siren or horn.

Bicycles must not be drawn by other moving vehicles.

Bicyclists in groups of 2 or more must ride in single file.

Bicycles must not carry more passengers than they are designed for.

Any bicycle ridden at night should have a headlight, a rear reflector, and reflectorized or white paint or tape on each side of the front fork.

All bicycles must be registered at the police station, and bear a number plate. The fee is only 25¢. A registration is quite helpful in the recovery of a lost or stolen bicycle.

Mosquito Fog

The Tree Warden, Tommy Sullivan, reports that instead of using the Mist Blower, the Tree Department is now 'fogging' as an anti-mosquito measure.

It is still a truck operated operation. Large clouds of 'fog' may be seen around town, from 7 to 11 pm. Some residents have mistaken the fog for smoke, and called the Fire Department.

The fog is basically Malathion Lethane, which is described as being less harmful to wild life than the former method.

Double Victory

'It was the camphor balls' says

Red Eaton, modestly.

He is referring to how he won his war with the Racoon, reported in last week's Town Crier.

The Racoon has left the old Daly house - and so have the hundreds of hornets who were living in the chimney.

It was a double victory.

Board of Appeal Decision

Atty Fred F. Corum of Salem Street served notice on the Town Clerk yesterday that he is filing a Bill in Equity with the Middlesex Courts, seeking to reverse a decision of the Board of Appeals, made on May 22nd.

The Board of Appeals filed their notice of decision with the Town Clerk on July 3rd. By law such a decision may be appealed up to and including 20 days from the date it is filed with the Town Clerk.

The decision of the Board of Appeals was in favor of the Sons of Italy, to construct a lodge house on a lot of land near the Tewksbury line, off Salem Street. It was heard by the Board of Appeals on May 13th.

Mr Corum was at the hearing as an attorney representing about 70 neighbors who objected. Simon Cutter of Church Street represented the appellants for the Sons of Italy.

BRYANT BEDELL is the new president of the Wilmington Rotary Club, inducted into office last week. He is shown, at right, accepting the gavel from past president Dick Tufenkjian.
